FRIDAY MORNING, MAY 31, 1867.

LOCAL MATTERS.

JOB WORK .- We have now completed our office so as to execute, in the shortest possible time ALL KINDS OF JOB WORK, and we most respectfully ask the patronage of our friends.

Post Office Notice.

POST OFFICE, CHARLESTON, S. C., May 6, 1867. Hereafter, until further notice, the Northeastern Mails will close at 1.15 P. M., and arriving at the Dopot at 9.45 A. M. will be ready for delivery at 11 o'clock. On Sundays the Post Office will open at 12.90 P. M. for one hour.

The Mails for South Carolina Railroad will continue to close daily at 6 o'clock A. M., and for the Savannah and Charleston Railroad at 6 A. M. on Mondays, Wednesdays and Fridays.

STANLEY G. TROTT, P. M.

CHANGE OF SCHEDULE .- On Sunday, June 1st, the passenger train on the Camden Branch will leave Camden on Mondays, Wednesdays and Saturdays, and will arrive at that point at 6.05 P. M. The schedule published in another column gives the time for leaving Kingsville and other points.

CORRECTION.—We were guilty of a serious error in our acknowledgment of Tuesday night's serenade. We ascribed the combination of sweet sounds to the Hook and Ladder Company, when in reality it was the performance of the Evening Star Glee Club. The serenade occurred at an hour when the tripod is exchanged for the dream land of Morpheus, and our musical friends of the Glee Club will pardon the unintentional mistake.

DISTRIBUTION OF SEEDS .- We have been requested to state that Mr. J. G. MARTIN w ll distribute gratuitously, vegetable seeds from the Agricultural Department at Washington. Mr. MARTIN can be found at the store of Messrs. PETIT & MARTIN, No. 513 King street. This will be convenient to the farmers and market gardeners on the neck, and we advise them to give Mr. MARTIN a call before his stock is exhausted.

THE WIZARD OF THE SOUTH .- The Hibernian Hall had a fair audience last night, and the Wizard performed some of his most difficult feats. He will give a matinee this afternoon, to which the price of admission will be only 50c. As Mr. SAR-GENT will positively leave on Saturday, we advise all who have not attended his soirces, to take advantage of these opportunities.

THE RAILBOAD WARFARE BETWEEN THE COLUM-BIA AND AUGUSTA AND THE SOUTH CABOLINA RAIL-BOAD .- The Columbia Phanix says: "We understand that the Columbia and Augusta Railroad, in conformity with their charter, intended, yesterday morning, to lay a crossing over the South Carolina Railroad track. The officials of the latter company (as a suit is pending as to the validity of charter of the former, infringing upon the vested rights of the latter), have adopted a novel procedure to baffle the efforts of the new company in laying down their crossing connection. Early yesterday morning they started an engine near the disputed point, and singular enough, it has been plying all day yesterday, but never out of sight of the aforesaid intended intersection. Both parties, we learn, are in earnest, and the result will be looked to with interest."

And FOR THE SOUTH -The Maryland State Rollief Commissioners have, up to this date, forwarded to South Carolina 15,002 bushels of corn, and 49,562 pounds of bacon. The distribution have been made by Committees, who have been appointed by the Relief Commissioners, or by the Governors of the different States. Further shipments will be made as soon as the Commissioners can obtain the means. Maryland has not been idle, but her record stands before the world, and her sister States can never forget her generosity in their hour of

In addition to the amounts sent to this State the following have been distributed to North Carolina: 5150 bushels of corn, 25 barrels of dour, 40,- -to keep it always sound and perfect—there is 496 pounds of bacon, and \$2500 in money. To Georgia 11,539 bushels of corn and 35,000 pounds of bacon. To Alabama 14,864 bushels of corn and 39,853 pounds of bacon. Arrangements have been made by which \$10,000 will be invested in corn and bacon in New Orleans for distribution in the flooded portions of Louisiana and Mississippi.

CHARLESTON IN THE HOT WEATHER.—The heated term has at last commenced, and we may expect three months of comparative discomfort, as few persons have the means to leave the hot and dusty city and visit the different summer retreats. In the good old times, a June sun shone upon many closed and empty houses, for all who had the inclination or the money took to themselves wings and fied away. Sullivan's Island and Mount Pleasant were then in their prime, and were both onable summer resorts; the Moultrie House and the different boarding houses on the island were crowded with guests, who were, many of them, old habitues and firm believers in the salutary advantages of the sea breeze and salt water. All of this has been completely changed by the gar, and Sullivan's Island is now but a shadow of its former self; the hotel has disappeared, and only

a few straggling houses remain of the pleasant village of Moultrieville. Under these circumstances, we are compelled to endure the weather, recollecting that every dog has his day, and, it the almanac is to be believed, those days are rapidly approaching. We have, though, many advantage that are not possessed by the residents of other cities; the houses are built with piazzas, and are separated from each other by lots that allow the air to circulate freely. Besides, we are the fortunate owners of several breathing spots, which are extensively patronized. As a promenade, the Battery cannot be equalled, and the fresh breeze that always blows from the sea comes laden with health; and is a death blow to malaria. - An old and homely proverb says that "as the

bed is made it must be laid in," and we argue that with all its disadvantages, and in spite of the burnt district, and the poverty of the people, Charleston is yet desirable for a summer residence. It is useless to repine over the past, and if we wish the future to be equally as bright, we must husband our resources; for by spending our money at home, we will soon make the desert to blossom like the rose. We have every reason to expect a healthy season, and with the battery to visit, and the street cars running through the principle promenades, there , will be no difficulty in weathering the summer, and in making the old city lose some of its wonted dullness. Many persons will recollect the longing they had for a breath of salt air when confined t the country, and the desire to visit old Charlest or was almost uncontrolable. The war had scarcely ended when these refugees gladly returned to their old homes, and though many of them are now unable to leave it, the recollection of their past, discomforts will make the summer in Charleston not only endurable, but a season of pleasurable enjoy-

A NEW SCHEME EMIGRATION TO VENEZUELA.-To many of our readers the idea of emigration to Venezuela from this country is a novelty, but there are others who have long known of the existence of this Company, and have determined to try their fortunes in that far country. The Venezuelean Emigration Company has had an active existence for over a year, and has already sent several bands of emigrants from Virginia, who have expressed themselves delighted with the country, its climate and resources. Dr. H. M. PRICE, of Virginia, has received a grant of land from the Venezuelean Government, embracing 240,000 square miles These lands are in the State of Guayana and the District of Amazonas, and includes the territory south and east of the Orinoco River. This territory is an empire in itself, abounding in mines of gold, silver, copper, zine, lead, iron, coal, petroleum, quicksilver, &c. The vegetable productions are varied and valuable, embracing the fine words only to be obtained in that climate. HUMBOLDT in his travels in South America, speaks of this country as the most fertile, rich and enchanting region of America, the garden spot of the world

and the best cotton growing region of the universe. Knowing these facts the company have made such arrangements as will secure to the emigrants a permanent, healthy and productive homestead. They donate to each emigrant, male or female, 1280 acres of land, and this generally diversified part being wooded while the remainder consists

of broad savannahs. The country is watered by deep and navigable rivers, and offers tempting advantages to settlers. agent for North and South Carolina, and has made | gua arrangements to transport emigrants from these States. The schooner Ben. Wulis will arrive at and stamped envelope addressed to yourself, you will re-Charleston early next month from New Orleans, ceive the picture and desired information by resurn mail, and will receive these emigrants from Georgia and All communications sacredly confidential. favorable to the enterprise, and many would leave if they could raise the necessary amount of money. A sub-company has been established in England which has purchased \$40,000 shares of stock, and many emigrants have already left. The first settlement was made in last October by Col. MERCER, from Missouri, but he has been followed by others from Virginia. There will be no slavery allowed, but coolies will be brought from China. The enterprise is well recommended both by the projectors and those who have already made the experiment. Col. RUDLER is now at the Charleston Hotel, in this city, and will be happy to give any information on the subject to those who apply at his rooms.

MAYOR'S COURT.-The hot spell has exercised a depressing influence over this court, and caused its custom to diminish woefully. The prisoners are few and far between, and the fines collected are a mere drop in the treasury bucket. This quiet is peculiar to Charleston, for while her sister cities have been troubled with mobs and rioters she has preserved her usual serenity and is even far more orderly than the modern Athens. One of Uncle Sam's marines was arrested for his fondness for the national color, and taking too

much bine ruin which caused him to whoon like a Gorilla. No one having appeared against him, he was dismissed.

An exceedingly black man who undertook to make some money by evading the city laws, was charged with the misdemeanor and fined \$5. A merchant who had neglected to put up a sign had to pay \$2 for his forgetfulness.

THE COURT OF COMMON PLEAS-Hon. THOS W. GLOVER presiding.—The jury rendered a verdict in the case of EAGAN TS. CLEARY, of \$300 for the plaintiff. The remainder of the day was occupied in civil suits of no general importance. UNITED STATES COURT-IN ADMIRALTY-Hon.

Be On Your Guard

Against the imitations and counterfeits of HOSTET-TER'S STOMACH BITTERS, with which the PIRATES who make a dishonorable living, by preying upon the sick and suffering, are now endeavoring to flood the markets of this country. Whenever these POISON-MONGERS are discovered they are immediately prosecuted by the proprietors, who expend thousands of dollars annually in tracing them out and bringing them to justice. Within a short time injunctions have been obtained in the Courts of the United States against a number of ind viduals and firms, and suits are now in progress against several others, all of whose names will be given to the public. But in spite of the utmost vigilance and activity of their detective agents, the undersigned are of course unable to protect the public entirely against piratical imitations of a Standard National Tonic, everywhere in request, and as readily convertable into cash as United States Bonds or Treasury Notes. They therefore, as measure of precaution, direct attention to the fact hat a finely engraved label, representing St. George and he Dragon, and a beautiful proprietary stamp, bearing the official endorsement of the Government, appear on every bottle of the genuine BITTERS. The article is further authenticated by a miniature note of hand, with the signature of "Hostetter & Smith," to counterfeit which is State prison crime. The true BITTERS are sold in bottles only, and never in bulk. HOSTETTER & SMITH.
